## Description of achievement

Attach a written summary of no more than two (2) A4 pages or 800 words to describe:

### Individual Award

- summary of the nominee's excellence in a particular project or body of work
- demonstration of innovation and vision
- international impact
- influence on and contribution to museum/gallery practice.

Digital copies of published material relating to the project or initiative as supplementary information may be included (10 pages maximum plus URL).

### Institution Award

- title of the project, date of commencement and completion or milestone reached in the Award period in 2016
- institutions and individuals involved
- intent and outcome of the project or initiative noting assessment criteria.

Digital copies of published material relating to the project or initiative as supplementary information may be included up (10 pages maximum plus URL).

The summary could include the nominee's vision, research, planning, cross-cultural communication and exchange and the international impact of the project.

## Submission
