## Amendment to ICOM Australia Rules of Procedure

### 1. Recommendation

---

That the National Committee endorses the proposed changes to the Rules of Procedure as outlined in this paper. These changes will come into immediate effect with the exception of the changes to the size of the Board and the Board member term of office which will be enacted after the 2018 AGM.

### 2. Introduction

---

The Rules of Procedure govern the operations of the National Committee and ICOM in Australia and as such should be appropriate to meet the needs of the organisation. The rules also need to comply with the ACT government model rules for incorporated bodies.

The current ICOM Australia Rules of Procedure were revised and adopted on 19 May 2009, with version 1.1 adopted on 28 September 2009.

Recent changes to Board membership, and operational requirements of the Board, have identified the opportunity to amend and clarify the Rules of Procedure and to improve the operations of the board and ICOM Australia.

These proposed changes are outlined below and principally impact the sections that relate to Executive Board.

The Board has sought suitable legal opinion on these changes and has been assured that they comply with relevant legislation and current practice.

The proposed changes are provided in the following format:

- 3.0 Summary of key changes
- 4.0 Marked version of the rules of procedure indicating all additions and deletions
- 5.0 A chart showing a side-by-side comparison of the current and revised sections only;
- 6.0 A chart showing the entire Rules of Procedure indicating all changes and deletions, and the rationale for the changes
