

Executive Board Meeting

11 Aug 2009
Agenda item no. 5

Prepared by: Roger Garland

Date: 10 Aug 2009

Topic: Web site – update

1. Recommendation

- 1.1 That the Executive Board confirm its out of session agreement to the recommendations:
 - a) That the Executive Board provide out-of-session approval to accept the quotation from Link Web Services Pty Ltd (Link) for \$10,010.00 (incl GST) for the redevelopment of the ICOM Australia website and Content Management System.
 - b) That the Executive Board provide out-of-session approval to accept the free hosting offer by Link Web Services Pty Ltd for the ICOM Australia web site.
- 1.2 Note progress on the redevelopment of the ICOM Australia web site.

2. Background

- 2.1 The Executive Board teleconference meeting of 7 Apr 2009 agreed to an investigation of the ICOM Australia website to better understand redevelopment costs and implications.
- 2.2 The National Secretary pursued the technical, content and hosting implications of redeveloping the site
- 2.3 The Executive Board agreed out-of-session to the paper *Web site – redevelopment and alignment with Museums Australia* (26 May 2009) recommending 1.1 a) and b) above.
- 2.4 The Executive Board has been kept in touch with the redevelopment progress and has provided feedback as requested to draft design templates.
- 2.5 Institutional members of ICOM Australia have been asked to contribute 4-6 images each for possible use on the new web site.
- 2.6 Progress against the contract schedule is at Attachment A.
- 2.7 The home page and second level templates endorsed out of session by the Executive Board are at Attachment B.

3. Issues

- 3.1 Hosting of the current web site with Toadshow expired on 30 Jun 2009. LINK are managing hosting of the site pending transfer to their provider. This effectively means LINK are paying Toadshow for short-term hosting.
- 3.2 Content migration from the old site to the new will take some effort and all Executive Board members are encouraged to help in this process.
